JOIN THE MOVEMENT TO CHANGE THE NARRATIVE OF WORKERS' COMPENSATION

Comp Laude® is a must-attend event for workers' compensation professionals who want to make a positive impact on their industry.

We are happy to return to Huntington Beach, CA and continue bringing forward the vision of the late David DePaolo, WorkCompCentral's founder. Our goal is simple: change the narrative of the workers' compensation industry to a more positive dialogue. David understood that as the general news cycle goes, most people focus on the negative press our industry receives. So, in an effort to change that, we bring as many stakeholders from the industry together as possible, including injured workers, and we focus on what's going right in workers' compensation.

Our mission with the Comp Laude® Awards and Gala is to highlight and elevate the positive achievements that happen in our industry every single day. We do this by recognizing individuals and companies who work hard to ensure the system works as it was intended. We especially seek to acknowledge people and companies who advocate for doing the right thing for the injured worker. We are extremely proud to continue the mission and vision that David started over a decade ago. We are also grateful you have decided to join us on this important journey.

SPEED NETWORKING BENEFITTING KIDS' CHANCE OF CA

\$250 LIMITED TO 30 SPOTS!

Service providers meet 30 contacts in 60 minutes! Your chance to engage and make a lasting impression. Powered by MKCM Inc. Sign up now to participate in this exclusive opportunity!

What is Speed Networking? It is networking with a twist! You get 1 minute to network with each person.

This session is always a highlight of the Comp Laude® Awards and Gala. It is one of the many visions of our founder, David DePaolo. His intention was for this activity to deepen communication skills and promote collaboration between service providers and decision-makers.

We are creating an opportunity for 30 qualified service providers (Recruiters) to share their approach, advantages, and philosophy with interested potential buyers (Recruits) through a wildly interactive session that allows both parties to get to know one another better.

The Twist?" You have just one minute to engage. Let's GO!

After 30 one-minute, one-on-one meetings, decision-makers will vote on who made the most lasting impression/ connection with them. Enjoy a group networking session with beverages following the speed networking session.

Speed Networking benefits Kids' Chance of California. Service providers donate \$250 to Kids' Chance of CA to participate in this event.

Speed Networkers qualify for \$100 off event registration
